

Sexual Health And HIV/AIDS Prevention Instruction

The Governing Board recognizes that the purpose of the district's sexual health and HIV/AIDS prevention instruction is to provide students with the knowledge and skills necessary to protect them from unintended pregnancy and sexually transmitted diseases and to encourage students to develop healthy attitudes concerning adolescent growth and development, body image, gender roles, sexual orientation, dating, marriage, and family. The Board therefore desires to provide a well-planned sequence of instruction on comprehensive sexual health and HIV/AIDS prevention.

The district's curriculum shall be aligned with the state's content standards, based on medically accurate and factual information, and designed to teach students to make healthy choices and reduce high-risk behaviors. The district's program shall comply with the requirements of law, Board policy, and administrative regulation and shall respect the rights of parents/guardians to supervise their children's education on these subjects and to impart values regarding human sexuality to their children.

The Superintendent or designee may appoint a coordinator and/or an advisory committee regarding the district's comprehensive sexual health program. The advisory committee shall represent a divergence of viewpoints and may participate in planning, implementing, and evaluating the district's comprehensive sexual health education program. The Board shall consider the advisory committee's recommendations when approving the district's program.
